

▲ IMPORTANT SAFETY INSTRUCTIONS

Carefully read, understand, and follow these instructions.

- Handle this product and its accessories with care.
- Do not block the ventilation openings located at the bottom of the unit and also near the connection ports at the rear of the unit.
- Do not use this product or its accessories near water or liquids that can electrically short the product and accessories.
- Do not handle or touch the unit with wet hands.
- Do not expose the unit to rain or high humidity areas.
- Only use the accessories provided by the manufacturer.
- Power cord shall be connected to a socket outlet with earthing connection.
- Unplug the unit during natural disasters or when it is not used for extended periods.
- Do not attempt to repair this unit yourself. Contact Merlyn Mind for warranty repairs.
- Use only two alkaline AA batteries for the remote control.
- Always observe proper polarity when installing batteries.
- Do not mix old and new batteries.
- Do not mix different brands of batteries.
- Do not use batteries if they are damaged.
- Risk of explosion if battery is replaced incorrectly or with the incorrect type. Replace the battery only with the same or equivalent type recommended by the manufacturer.
- Dispose of used batteries according to the manufacturer's instructions.

FCC STATEMENT FCC ID:

2AYDXSCMAA1

This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

Radiation Exposure Statement: This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

CAUTION: Changes or modifications made to the equipment without express manufacturer approval could void the user's authority to operate this equipment.

Radiation Exposure Statement: This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with greater than 20cm between the radiator & your body.

Caution:

(i) the device for operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to cochannel mobile satellite systems;

(iv) where applicable, antenna type(s), antenna models(s), and worstcase tilt angle(s) necessary to remain compliant with the e.i.r.p. elevation mask requirement set forth in section 6.2.2.3 shall be clearly indicated.
